

Senior Project Engineer

We have an exciting opportunity for an experienced Senior Project Engineer to join our team on a full time, permanent basis. Joining a team of 8, we are looking for a Senior Project Engineer to take on the main projects within our organisation.

The Role

As a Senior Project Engineer, you will be responsible for:

- Being the first point of contact with clients
- Liaising with teams across Vessco including Production, Design, Welding Engineers and Inspection
- Managing 1-4 crucial projects within the business at any one time
- Drawing up production plans and assembling contract files
- Purchase and scheduling of materials
- Preparing key documentation such as Quality Plans and Engineering Procedures
- Coordinating the manufacturing of jobs

About Us

Vessco Engineering Ltd is an ambitious and fast-growing manufacturer of pressure vessels, heat exchangers and fabricated equipment. Recently Vessco Engineering Ltd joined the LTI Metaltech Group, a €130m European Engineering Group. We are seeking a Senior Project Engineer to liaise with our customers on jobs ranging in value and size from a few thousand pounds up to a million pounds. The essence of the job is to ensure that the customers' requirements are correctly interpreted and that Vessco delivers high quality products on time.

For further information, take a look on our website <https://vesscoengineering.co.uk/>

About You

To be a successful Senior Project Engineer, you will have extensive knowledge of Process Equipment, Pressure Vessels and Heat Exchangers. Having worked as a Project Engineer for several years already, you will be confident communicating with clients and leading by example. Any understanding of, or experience in working with ASME/PD5500/EN13445 pressure vessel codes will be advantageous.

Credible in your approach, efficient and with strong communication skills, you will be looking to take the next step in your career.

How to apply:

Recruitment is being driven through our central resource at LTI Metaltech Ltd therefore please send your CV and one page cover letter explaining why you are interested in joining Vessco Engineering Ltd to recruitment@lti-metaltech.com

No agencies please.
